Guardian Partners: A New Way To Help Others in Clay County

In honor of those donors who have pioneered a lasting impact in Clay County with consistent financial giving, Mercy Support Services has established the "Guardian Partners" program for those who make a planned commitment to give on a consistent basis - weekly, monthly, or quarterly.

Through this partnership, Mercy is privileged to be able to recognize all individuals who consistently support the future of the programs of Mercy Support Services. Your support and commitment are crucial to the continued growth of our ministry and mission as we expand our programs and change lives in Clay County for the better.

Current recurring givers will receive a welcome packet in the mail of items to help better share the Mercy message in the community, and starting in 2020, they will receive a quarterly update and prayer requests from our Executive Director, R. Patrick Hayle.

At any level of giving, we hope you will consider a recurring commitment to better supports our ongoing programs and the future plans to meet the needs in our community. Thank you for your support!
