My own personal faith and values are reflected in Mercy's mission and the work they do every day to help the people in our community who need it the most. By doing this, Mercy allows me to put my faith into practice in a tangible and rewarding way." JD said.

Be A Champion For Mercy

With the lack of affordable housing, unemployment and poverty in Clay County, many people are but one or two paychecks away from being in circumstantial crisis. Mercy Support Services was founded in 2012 to address these needs at the source and help prevent a person or family from continuing a downward spiral. Working in collaboration with churches and other non-profit agencies, we help Clay County families in crisis by surrounding them with the necessary supports that most effectively promote independence. Mercy Support Services provides valuable resources and referrals to clients for housing, shelter, training programs, food, childcare and other supports within our internal programs and related available resources.

Since the beginning of 2021, we have received 1768 calls to our Resource & Referral Call Center, providing valuable resources and referrals to over 2930 people in Clay County. We have been able to assist 22 families avoid homelessness through our Self-Sufficiency, Eviction Prevention and Rapid Rehousing Programs. Mercy's Housing Assistance Programs are designed to support the transformation of those in crisis who seek to achieve spiritual, emotional, financial, mental and physical well-being. Our volunteer Program Coaches provide our families with guidance, consistency, motivation and emotional support as they work to remove personal barriers to becoming self-reliant.

Our heart is to provide love and hope that empowers people to use their God-given abilities to care for themselves and their families. We rely on donations from the Community to fund our Programs and Services. Your support of our Champions for Mercy Golf Tournament will allow us to continue touching lives and changing futures.

MISSION STATEMENT:

Mercy Support Services is a Christ-centered organization, serving the people of Clay County who are circumstantially in need by providing services that guide them to self-sufficiency through a network of compassionate-hearted people and organizations.
